DETAILED ACTION

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose nor reasonably suggest the terminal of claims 48 and 55 nor system of claim 68, in which at least a portion of the video content is scrambled, and at least one of the plurality of commercial messages, which is specified by a URL, contains a key, which is utilized to descramble the video content. The Examiner notes that this requires retrieving the commercial message prior to the display of the video content, that is to say that at least a portion of both the video message and commercial must be retrieved and processed prior to any display and is fully supported by Applicant's specification.

Claims 48-53, 55-60, and 68-70 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
